Policy on Storage of LASA Drugs

Prepared date: 05/09/2023

Reference: MOM.03.d.NABH Standards – 5th Edition

Issue Date:05/09/2023

Issue no: 02

Review No: 1

Review date: 04/09/2024

1.0 Purpose:

1.1 Many drugs in ampoules, vials or tablets may look-alike or sound –alike. They should be documented, segregated and stored separately at all locations.

2.0 Policy:

The pharmacy shall assure that all the Look-alike and Sound alike medication are identified at regular intervals depending on the changes in the formulary and changes in packaging. List out the medication list and store separately.

Abbreviation:

LASA – Look-alike & Sound-Alike

3.0 Procedure:

Storage of medication based on the generic name in alphabetic order, segregate the medications and list out the LASA medication across the hospital. Give a color coding for easy identification of the LASA medications. Red and Blue Colour Boxes for storing the two counterparts separately

4.0 Responsibility:

Physician, registered nurse, floor pharmacist / Sister in charge and pharmacy

Reference with pharmacy – LASA list
